The first official guide to the BBC hit series Sherlock.

Â

Fans of Sherlock Holmes will already be familiar with The Great Game -- in which all characters and events in the novels are assumed real and discussed accordingly. BBC hit Sherlock has brought Conan Doyle's legendary detective to a whole new audience and Sherlock: The Casebook is The Great Game for the next generation. This is no ordinary guide.

Â

Each case is brought to life on the page and re-examined through Dr Watson's blog, Inspector Lestrade's police reports, newspaper articles about the crimes, Sherlock's detective notes and any other surviving clues from the cases.

Â

Interspersed amongst the evidence are exclusive interviews with the stars of the show, Benedict Cumberbatch, Martin Freeman and Rupert Graves, writers and co-creators Mark Gatiss and Steven Moffat and the production team on everything from writing the scripts and bringing the characters to life on screen to set design and production.

Â

This is a multi-dimensional companion to Sherlock and a glorious tribute to the world-famous detective.
